

# RITIK KUMAR

Junior Web Developer

Email: [ritik707086@gmail.com](mailto:ritik707086@gmail.com) | Phone: 6206537910 | Location: Vadodara, Gujarat | GitHub: [github.com/Ritik70k](https://github.com/Ritik70k)

## PROFESSIONAL SUMMARY

Motivated Junior Web Developer with hands-on experience building responsive, interactive web applications using HTML, CSS, JavaScript, React, and Express.js. Proficient in frontend development, DOM manipulation, and version control with Git/GitHub. Experienced with PostgreSQL for database management and modern JavaScript (ES6+) for building dynamic, full-stack web applications. Demonstrated ability to design and deploy user-friendly projects independently. Eager to contribute to a collaborative engineering team and grow through real-world software development.

## TECHNICAL SKILLS

**Languages:** Java, HTML5, CSS3, JavaScript (ES6+)

**Frameworks & Libraries:** React (Basics), Express.js (Basics), GSAP

**Databases:** PostgreSQL

**Tools & Platforms:** Git, GitHub, VS Code

## PROJECTS

### Portfolio Website

HTML5 | CSS3 | JavaScript

[Live: graceful-melomakarona-808092.netlify.app](https://graceful-melomakarona-808092.netlify.app)

- Designed and developed a personal portfolio to showcase projects, technical skills, and contact information.
- Implemented a fully responsive layout using CSS Flexbox and media queries for cross-device compatibility.
- Focused on semantic HTML structure and clean CSS for accessibility and fast loading.

### Image Editor

HTML5 | CSS3 | JavaScript | Canvas API

[GitHub: github.com/Ritik70k/Minor-projects/tree/main/Image Editor](https://github.com/Ritik70k/Minor-projects/tree/main/Image%20Editor)

- Built an interactive image editor using the HTML5 Canvas API.
- Implemented image upload and editing features with real-time canvas rendering.

### Notes Application

React | LocalStorage

[GitHub: github.com/Ritik70k/Notes-App-ReactJs](https://github.com/Ritik70k/Notes-App-ReactJs)

- Developed a Notes Application using React with create, edit, and delete functionality.
- Notes are persisted in LocalStorage to provide data retention without a backend.

### Create Post – Full Stack

React | Express.js | MongoDB

[GitHub: github.com/Ritik70k/Create-post-FullStack](https://github.com/Ritik70k/Create-post-FullStack)

- Developed a full-stack CRUD application where users can create posts with an image and caption.
- Post data is stored in MongoDB through an Express.js backend via REST APIs.
- All created posts are dynamically displayed on the Posts page using React.

## EDUCATION

### Bachelor of Technology in Computer Science & Engineering (B.Tech CSE)

2024 – 2028

Parul University, Vadodara, Gujarat

CGPA: 7.14 / 10.0

## ACHIEVEMENTS & ACTIVITIES

- Built and deployed multiple frontend and full-stack web applications demonstrating end-to-end development skills.
- Developed responsive and interactive user interfaces using modern JavaScript (ES6+) and React.
- Implemented RESTful CRUD applications with Express.js and MongoDB, including a full-stack Create Post application.
- Maintained a live personal portfolio on Netlify demonstrating project work and professional profiling to recruiters.
- Continuously improving skills in React, Express.js, PostgreSQL, MongoDB, and modern web development.
